

Help Pines & Plains Libraries Improve the Lives of Elbert
County Citizens

Library Board of Trustees Vacancy

The Pines & Plains Libraries Board of Trustees has a vacancy to fill. This five-member Board governs the Library District, establishes policies, and employs a Library Director to carry out the policies and manage District operations. The library's mission is simple: to provide our patrons with the resources to achieve their aspirations through literacy, technology, and community engagement.

We strive to create a Board that represents our community's diversity; represents various interests; and has experience or knowledge in a variety of fields. Members of the P&PL Board of Trustees are appointed by the Elbert County Commissioners at the recommendation of the Board. Serving the District and Elbert County citizens is one of the most gratifying things you can do for your community. If you're interested, please send a Board of Trustees application to Library Director Susan Byrne at director@pplibraries.org. Applications may be found at pplibraries.org or you may ask library staff for help in finding the application form.
